TABLE OF CONTENTS

Preface.....	i
Executive Summary - English.....	iii
Resumen Ejecutivo - Spanish.....	v
List of Abbreviations	xi
1 Introduction.....	1
1.1 Research Objective.....	1
1.2 Research Questions	1
1.3 Scientific Relevance	2
1.4 Social Relevance.....	3
2 Theoretical Background.....	5
2.1 Migration	5
2.2.1 Migration Classified.....	5
2.2.2 Theories on Migration.....	5
2.2.4 Economics of Migration	6
2.2.5 Migrants Characterized	8
2.2.6 Migration Policies.....	10
2.3 Developments of Cities	11
2.3.1 Latin American Urbanisation.....	11
2.3.2 Cities and the Poor	12
2.3.3 Urbanisation Policies.....	13
2.4 Infrastructure Services	14
2.4.1 Types of Infrastructure Services	15
2.4.2 Infrastructure and Development	15
2.4.3 Privatization and Regularisation.....	16
2.4.4 Obtaining Infrastructure Services in the Urban Area	18
3 Research Design.....	20
3.1 Research Questions	20
3.2 Conceptual Model	20
3.3 Concepts and Definitions.....	22
3.4 Research model & Studied Elements.....	23
3.5 Data Collection and Data Analysis.....	24
4 Migration and Urban Growth of Trujillo.....	29
4.1 Introduction.....	29
4.2 Migration and Urban Growth	31
4.2.1 Population Growth and Migration in Peru.....	31
4.2.2 Development of the Metropolitan Area of Trujillo	34

4.2.3	Migration Flows of Trujillo.....	36
4.2.4	Migration to Recent Settlements.....	38
4.2.5	Population Characteristics.....	44
4.2.6	Preliminary Conclusions.....	45
4.3	Settlement Process.....	47
4.3.1	Historical Overview.....	47
4.3.2	Current Settlement Patterns.....	49
4.3.3	Actors involved and Neighbourhood Organisation.....	51
4.3.4	Preliminary Conclusions.....	54
5	Infrastructure Services in Trujillo.....	55
5.1	Introduction.....	55
5.2	Water.....	57
5.2.1	Introduction.....	57
5.2.2	Current Situation and Developments.....	57
5.2.3	Recent Settlements.....	60
5.2.4	Actor Strategies.....	64
5.2.5	Preliminary Conclusions.....	66
5.3	Sanitation.....	68
5.3.1	Introduction.....	68
5.3.2	Current Situation and Developments.....	68
5.3.3	Recent Settlements.....	70
5.3.4	Actor Strategies.....	72
5.3.5	Preliminary Conclusions.....	73
5.4	Electricity.....	75
5.4.1	Introduction.....	75
5.4.2	Current Situation and Developments.....	75
5.4.3	Recent Settlements.....	77
5.4.4	Actor Strategies.....	79
5.4.5	Preliminary Conclusions.....	81
5.5	Telecommunications.....	83
5.5.1	Introduction.....	83
5.5.2	Current Situation and Developments.....	83
5.5.3	Recent Settlements.....	86
5.5.4	Actors Strategies.....	88
5.5.5	Preliminary Conclusions.....	90
5.6	Household Waste.....	92
5.6.1	Introduction.....	92
5.6.2	Current Situation and Developments.....	92
5.6.3	Recent Settlements.....	93
5.6.4	Actor Strategies.....	95
5.6.5	Preliminary Conclusions.....	96
6	Conclusions.....	97
6.1	Main Conclusions.....	97
6.2	Policy Recommendations.....	98
6.3	Further Research.....	99

Notes.....	101
-------------------	------------

Bibliography	107
---------------------------	------------

References	107
Background Literature.....	112
Interviews and Conversations.....	117
Public Sector Institutions:	117
Companies:	118
NGOs:	118
Independent/other:	118

LIST OF FIGURES

Figure 2.1: Urbanisation rates for Latin American countries, grouped by level of urbanisation.....	11
Figure 2.2: Causes of slum formation	13
Figure 2.3 Possible impacts of infrastructure investments.....	16
Figure 2.4: Vicious cycle and possible interventions.....	18
Figure 3.1: Conceptual Model.....	21
Figure 3.2: Research model.....	24

LIST OF TABLES

Table 2.1: Widely accepted stereotypical differences between urban and rural populations	9
Table 3.1: Surveys carried out for this research project.....	26
Table 4.1: Population growth of Peru, for various areas.....	31
Table 4.2: Population of the department La Libertad by the National Censuses	32
Table 4.4: Urbanisation rate of the provinces of the department la Libertad in 2005.	33
Table 4.6: Population growth for selected districts of the metropolitan area of Trujillo.....	35
Table 4.7: Place of birth (department) for selected districts of the Province of Trujillo in 1993...	37
Table 4.8: Department of birth of the migrant ¹ population for selected districts in 1993.....	38
Table 4.9: Department of birth for the three selected neighbourhoods	39
Table 4.10: Province of birth of those born in the department La Libertad (N=147) for the three selected neighbourhoods.....	40
Table 4.11: Department five years ago (2002) for the three selected neighbourhoods.....	41
Table 4.12: Migrant population that five years ago lived outside the of the department of La Libertad	41
Table 4.13: Migrant population that five years ago lived outside the of the metropolitan area of Trujillo.....	42
Table 4.14: Department before last movement for the three selected neighbourhoods.....	42
Table 4.15: District before last movement for the three selected neighbourhoods	43
Table 4.16: Number of migration steps of those living in the recent settlements.....	44
Table 4.17: Construction materials of the walls by the time since arrival.....	51

Table 5.1:	Types of water supply used in Peru, La Libertad and Trujillo Province in 1993 and 2005	58
Table 5.2:	Types of water supply used in three selected districts of Trujillo Province in 1993 and 2005	59
Table 5.3:	Usage of the different services in the three selected neighbourhoods.	61
Table 5.4:	Usage and price characteristics for the different services.	63
Table 5.5:	Indicators for company performance in 2002.....	65
Table 5.6:	Types of sanitation used in Peru, the department La Libertad and Trujillo Province in 1993 and 2005.....	69
Table 5.7:	Types of sanitation used in three districts of Trujillo Province in 1993 and 2005.....	70
Table 5.8:	Sources of growth of the number of active sewerage net connections.....	70
Table 5.9:	Use of different alternatives for sanitation in the three cases.	71
Table 5.10:	Use of electricity in 1993 and 2005 for Peru, the department La Libertad and Trujillo Province.....	76
Table 5.11:	Use of electricity for several districts of Trujillo Province in 1993 and 2005	76
Table 5.12:	Provisional electricity connections present in Trujillo Province - summarized.....	77
Table 5.13:	Density of different telephone services per 100 inhabitants for Peru, Lima and La Libertad	84
Table 5.14:	Household access to either landline or mobile phone in Peru, Lima, other urban, and rural areas.....	85

LIST OF APPENDICES

The Appendices can be found in the accompanying document.

Appendix A:	Maps
Appendix B:	Concepts and Definitions
Appendix C:	Survey results and Statistics
Appendix D:	Population Statistics
Appendix E:	Migration Statistics
Appendix F:	Water
Appendix G:	Sanitation
Appendix H:	Electricity
Appendix I:	Telecommunications

COMPACT DISC

The compact disc contains digital versions of the main document, the appendices, and the raw data of the surveys. See compact disc for details.
